Scholarships:
- No. 6 financed by the University;

Positions without scholarship: no. 2

Modality of selection
- type B - assessment of qualifications and interview

Type of estimable qualifications

Qualification assessments (up to 60 marks):
- curriculum studiorum: up to 35 marks;
- language certifications: up to 8 marks;
- courses of university competition or master: up to 5 marks;
- up to 2 letters of reference from Italian or foreign academics: up to 6 marks;
- publications: up to 6 marks.

Interview (up to 30 marks):
- knowledge of the English language: up to 10 marks;
- discussion of the research project (assessment of the candidate's capacity to convincingly discuss project preconditions and goals): up to 10 marks;
- relevance of demonstrated knowledge in the field of curricular subjects forming doctorate objectives: up to 10 marks.

Linguistic competence: knowledge of the English language. The knowledge of the Italian language shall be evaluated for foreign candidates.

Interview date:
20 July 2020 at 09:30 hours (Italian time) eventually continuing on 21 July, depending on the number of candidates participating to the interview.

The interview may be held in English language and may take place by videoconference. Candidates are required to communicate their email address at the time of application, to be contacted by the commission in the event of admission to the interview and in of its conduct in telematic mode.
PhD in ENGINEERING AND APPLIED SCIENCES

Coordinator: Prof. Valerio Re

Scientific Area:
- 01 - Mathematics and informatics
- 03 - Chemistry
- 08 - Civil engineering and architecture
- 09 - Industrial and information engineering
- 13 - Economics and statistics

Curricula:
- Technologies for Energy and Environment
- Technologies for the conservation, protection, restoration and environmental sustainability
- Technologies for computer science, automation and electronics
- Applied mathematics and statistics
